Do
You know the difference between good; bad and indifferent clothing? When we say our stock of Men's, Boys' and Children's clothing is of good quality and complete, we mean it. The Stein-Block goods which some others wear themselves but do not sell can be found on our counters. Gents' Furnishings in almost endless variety. Tailoring done by competent tailors. We can and will do you good if you give us the chance.

Yours to please,

QUERY:
Why is it that these goods we sell so low
And give our friends this splendid show?

ANSWER:
We buy for cash and sell for cash.
Expenses small, stock always fresh;
And business done with cleverness.
This must succeed in every climate.
More proper in our present time.

FRANCHISE GRANTED.

Gracey, Kaiser and Moore Electric Railway Ordinance Passed.

Council met in regular session Tuesday evening, the following members answering to roll call: Meisenholder, Rech, Weber, Hathaway, Peters, Davis, Steen, Bachman, McClure, Moore, Brennan.

The minutes of the previous meeting were read and approved.

A numerous signed petition praying that the franchise for operating electric street railway route No. 2, be granted to Messrs. Gracy, Kaiser, and Moore, was read by the clerk.

Building permits were granted to Emma Theis on Sixth street, Harmon Becker on Front, and Henry Strecker on Maple street.

An ordinance, granting the right to construct, and operate an electric street railway on the line of route No. 2, to Gracy, Kaiser, and Moore, was read by City Clerk Becker. Upon motion of Hathaway the rules were suspended, and the ordinance passed to a second and third reading by title. Upon motion of Rech, the ordinance was then placed upon its passage.

W. B. Loomis appeared, representing T. O. M. Davis and associates, and asked a postponement of final action for one week, as the gentlemen would have almost completed arrangements for the purchase of the "old route" No. 2, and proposes to modify his bid, and present one more advantageous to the city than any yet submitted.

He stated that the bid of Gracy, Kaiser and Moore was not in conformity with the ordinance establishing route No. 2, and that the franchise, if granted to them, would be invalid. Continuing further, Judge Loomis expressed the probability of Messrs. Davis and associates beginning within ten days the work of remodeling route No. 1, "the old line," into an electric road.

Mr. Hathaway said he thought council, as servants of the people, should act in accordance with the sentiment of the general public. He claimed that all necessary formalities had been observed in every step of the matter. Council was considering the best bid, and that only, and that the bid of Davis and associates, as first made, could "not be doctored" to meet the generous terms of the other. As a lawyer, he considered the granting of the Gracy franchise perfectly legal.

Col. R. L. Nye, representing the "old line," and its creditors, spoke, also urging delay, and asserting that the Gracy, Kaiser, and Moore bid, as stated by Judge Loomis, was not in accordance with the advertisement, and that the proposed ordinance would not, therefore, be valid. He asked if the "old" company, which had sunk its money in route No. 1, was entitled to no consideration.

Mr. Nelson Moore addressed the council in the interest of route No. 2, saying they had never in any way opposed the "old line," and would never do so, and that if the "old line" people constructed an electric line on Front street, Gracy, Kaiser, and Moore, would stay off that street.

The roll being called upon the adoption of the ordinance, every member present voted "aye," and the franchise was granted.

In view of the petition praying that no electric road franchise be granted unless it go down Front street, an ordinance was submitted granting to Gracy, Kaiser, and Moore an extension on Putnam, Front, and Greene streets. Judge Loomis again advised delay in adopting the second ordinance. Mr. Moore expressed himself as willing to let the matter go to a committee, and after being passed to a second and third reading, the ordinance was referred to Committee of Whole.

A building permit was granted to M. G. Knox & Son, Harmar street.

The Mayor's report for the month of March was submitted and ordered placed on file. The report showed \$117.30 paid to city as net amount of fines and licenses.

A new lease for rent of Z. & O. R. ticket office next year at a rental of \$180 was read before Council and approved.

In pursuance to statute the Mayor submitted his annual report and recommended immediate increase of the police force.

Accompanying the Mayor's report was the report of the Chief of the Fire Department, also the report of Jewett Palmer, President of the Board of Health. Abstracts of these reports will be published later.

President Meisenholder tendered his resignation, to take effect immediately. The usual number of bills were allowed and Council adjourned.

Blind Boone Thursday.

Blind Boone is simply a wonder. His imitation of various instruments alone is a great attraction, and the arrival of a train, and the whole as an entirety was a marvel. His piano playing is astounding, and his rendition of great masters was in a style remarkable, and his versatility surprising. The program was varied by plantation songs by Boone, and weird, sympathetic compositions by Miss Stella May.—[Covington Commonwealth.]

Tired of Being Pursued.

Parkersburg, W. Va., April 5.—This morning a young man of about 18 or 19 approached Officer McNeerney and said he wanted to surrender himself. He said his name was James Fitzhugh, and that his home was Matamoras, Ohio. He asked to be locked up, and when asked for his reason for the strange request replied that he had stolen a horse from the stable of some one near Ashland, Ohio, several nights since, not intending to sell or make way with the animal, but for the purpose of getting out of that part of the country. While feeding the horse the next day he claims he was pursued, and only escaped by dodging the pursuers in the woods. He had succeeded in reaching this city, but was in constant fear of pursuit and had concluded to surrender to the authorities. There is some doubt as to the sanity of the young fellow.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption, and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds, Free trial bottles at W. H. Syer's Drug Store. Regular size 50c. and \$1.00.

Life.

"What is life but what a man is thinking of all day?"—Emerson.
If life were only what a man
Thinks daily of—his little care;
His petty ill; his trivial plan;
His sordid scheme to hoard and spare;
His meagre ministry; his small
Unequal strength to breast the stream;
His large regret—repentance small;
His poor, unrealized dream—
'Twere scarcely worth a passing nod;
Meet it should end where it began.
But tis not so. Life is what God
Is daily thinking of for man.
—Julie M. Lippmann, in Harper's Magazine.
